Superintendent **XXX**, Superintendent
Office of **XXX** Education
Address
City, Illinois Zip

Dear Superintendent **XXX**,

The League of Women Voters of Illinois is getting ready for the next election season.

Part of the new election law 10 ILCS 5/1A-60 (SB825) required that the Illinois State Board of Election prepare an informational form for all high schools regarding voter registration.

That form has been completed by the Illinois State Board of Elections. The requirement is for the forms to be distributed to school districts/high schools by the Illinois State Board of Education. The law goes on to say that ...”every high school must provide students with that document, which may be disseminated electronically.”

As you know, the League of Women Voters has been actively engaged in ensuring all persons eligible to vote are registered and afforded the opportunity to vote. We have done so for more than 100 years. We are energized and excited how the new law reaches out to the young people who are newly eligible to register to vote.

I am wondering if you have received [Registering to Vote in Illinois](#) and [Your Vote is Your Voice](#) for distribution and would love to meet with you if the League can provide assistance to help you get the word out to our **XXX** High School students about the importance of registering to vote.

Looking forward to hearing from you soon.
